PROFILE

I am a highly competent IT personnel with experience of demo projects regarding desktop app and website development. I have strong technical skills as well as excellent interpersonal skills, enabling me to interact with a wide range of clients. I am eager to be challenged in order to grow and further improve my IT skills. My greatest passion in life is using my technical know-how to benefit other people and organization.

PROFESSIONAL EXPERIENCE

I have developed desktop-based application using Java such as pharmacy inventory management system and fee-structure system. I also have worked on web-based applications during the learning phases.

I have also done three months of internship as a front-end developer in Tree leaf.
